

## 23-124m<sup>3</sup>/min Flow Range Air Suspension Blowers Boost 5-120kPa

Our Product Introduction

for more products please visit us on [aipukqdl.com](http://aipukqdl.com)

### Basic Information

- Place of Origin: China
- Brand Name: Aipu
- Certification: CE CCC SABS TUV RoHS
- Price: Negotiable
- Packaging Details: Standard Export Package
- Delivery Time: 6-8 workdays

### Product Specification

- Flow Range: 23-124m<sup>3</sup>/min
- Color: Silver
- Dimensions: 1500 X1100X 1580mm
- Voltage: 380/400V
- Boost: 30-120kPa
- Export Caliber: DN200
- Highlight: 120kpa air suspension blower,  
120kpa suspension centrifugal blower,  
400v air suspension blower

## Product Description

### 23-124m<sup>3</sup>/min Flow Range Air Suspension Blowers Boost 5-120kPa

#### Product Description:

Our Air Suspension Blowers are built to the highest standards, ensuring that they are durable and long-lasting. We are confident in the quality of our product, which is why we offer a 1-year warranty, giving you complete peace of mind when you purchase from us. The DN500 inlet size makes it easy to connect your air suspension system or other equipment, while the DN200 outlet size ensures that you get the perfect airflow for your needs. Whether you are looking to inflate a jumping castle or provide air conditioning to a large room, our Air Suspension Blowers are the perfect choice.

Our Air Suspension Blowers are designed to be easy to use, with simple controls that allow you to adjust the airflow to suit your needs. The powerful motor ensures that you get the airflow you need quickly and efficiently, making it the perfect choice for those who need a reliable and powerful blower.

Overall, our Air Suspension Blowers are the perfect choice for anyone who needs a high-quality blower for their air suspension, shock absorber, air conditioner blower, or jumping castle air blower needs. With a sleek silver color, durable construction, and a powerful motor, you can be sure that you are getting a top-quality product that will provide you with reliable performance for years to come.

#### Features:

Product Name: Air Suspension Blowers

Flow Range: 23-124m<sup>3</sup>/min

Inlet Size: DN500

Outlet Size: DN200

Weight: 550-650kg

Keywords: Air Ride Suspension Compressor, High Pressure Air Blower, Air Cushion Machine Blower

#### Technical Parameters:

Product Name	Air Ride Suspension Compressor
Type	Universal Fit
Dimensions	1500 X 1100 X1580mm
Maximum Pressure	120kpa
Temperature	Up To 60°C
Outlet Size	DN200
Warranty	21Years
Color	Silver
Product Description	Air Foil Bearing Blower for Air Suspension Systems

#### Applications:

In addition to their use in vehicles, Aipu Air Suspension Blowers can also be used for inflatable structures such as Bouncy Castle Air Blowers and Jumping Castle Air Blowers. The high flow rate and amperage of 15A make them ideal for inflating these structures quickly and efficiently.

Aipu Air Suspension Blowers are certified by CE, CCC, SABS, TUV, and RoHS which guarantees their quality and safety. Their temperature range of up to 60°C ensures that they can operate under various weather conditions.

The price of Aipu Air Suspension Blowers is negotiable, making them accessible to a wide range of customers. The product is packaged in a standard export package and has a delivery time of 6-8 workdays. The silver color adds to the aesthetic appeal of the product.

#### Customization:

Customize your Aipu Jumping Castle Air Blower with our product customization services. Our air suspension blowers are manufactured in China with the highest quality standards and are certified by CE, CCC, SABS, TUV, and RoHS. The flow range of our Air Foil Bearing Blower is 23-124m<sup>3</sup>/min and the inlet size is DN500 with a filter density of F8. The blower is capable of handling high pressure and temperature up to 60°C.

We offer a negotiable price for our High Pressure Air Blower, and it comes with a two-year warranty. The packaging details are in a standard export package, and the delivery time is 6-8 workdays. Contact us to customize your blower according to your specific requirements.

## Support and Services:

---

The Air Suspension Blowers product offers excellent technical support and services to ensure optimal performance and longevity. Our team of experts is available to assist you with any questions or concerns you may have regarding the installation, operation, and maintenance of your Air Suspension Blower. We also offer repair and replacement services if needed. Our goal is to provide you with the best possible experience and ensure your satisfaction with our product.

## Packing and Shipping:

---

Product Packaging:

1 Air Suspension Blower unit

1 Power cord

Installation instructions

Shipping:

Ships within 1-2 business days

Free standard shipping within the United States

International shipping available for an additional fee

## FAQ:

---
