Customizable Roots Blower for Enhanced Productivity and Energy Savings in Manufacturing Operations

Our Product Introduction

for more products please visit us on aipukqdl.com

Basic Information

- Place of Origin: China
- Brand Name: Aipu
- Certification: CE CCC SABS TUV RoHS
- Model Number: SSR-N
- Price: Negotiable
- Packaging Details: Standard Export Package
- Delivery Time: 6-8 workdays

Product Specification

- Installation: Easy To Install
- Type: Roooots Blower
- Flow: 4.5-70m³/min
- Boost: 9.8-98kpa
- Material Quality: HT250

Product Description

SSR-N series Roots Blower instruction:

SSR-N series Roots Blower is the new products that design and develop by YIXING AIPU Air System Equipment Co.,Ltd. Which based on the experience of production Roots Blower many years. The N series blower has the big breakthrough, improve on the structure and performance.

SSR-N series Roots Blower Main Features:

The blower have high speed, capacity and efficiency.

The blower used the design of rotary, improved the efficiency.

The discharge silencer and common base were integrated. So the blower structure compact, installation and maintenance convenient.

The belt tension adjustment from Japan, it can be accepted high temperature and continuous operation; The gear accuracy reach the stage JIS 1.

The shaft seal used piston ring, it has the good effect and improve the volumetric efficiency.

The outlet side used the full capacity type safety valve, it will be safe if the pressure overload and protected the blower operation.

The blower has air cooling, single stage reach 98KPA pressure and without water cooling.

Technical Parameters:

Type	SSR-N
Bore	DN80-200
Pressure	9.8-98kpa
Capacity	4.5-70m³/min
Temperature Range	Normal Temperature
Capacity	Customizable
Energy Efficiency	High Efficiency
Power Supply	Electric

Standard Accessories

Common base (with discharge silencer), suction silencer (with air filter), blower pulley, motor pulley, V-belt, belt cover expansion.

Full capacity safety valve, pressure gauge, lubrication oil, anchor bolt.

Rubber joint, check valve, isolator vibration rubber.

SSR-N series performance table:
