

Basic Information

Place of Origin: ChinaBrand Name: Aipu

Certification: CE CCC SABS TUV RoHS

Model Number: RB-31DPrice: Negotiable

Packaging Details: Standard Export Package

• Delivery Time: 6-8 workdays

Product Specification

• Power Consumption:

Maximum Airflow: 100-120m³/h
Maximum Vacuum: -110~-150mbar
Maximum Pressure: 120-160mbar
Noise Level: <60(dB
Weight: 12-13kg
In/out: PF1.25"

0.55-0.83KW

Product Description:

Yixing Aipu Aerator Blower (also known as Vortex Air Pump, Circular Fan) is an efficient and energy-saving fluid mechanical equipment widely used in industrial fields such as air transportation, vacuum adsorption, gas circulation, etc.

Features:

1.Efficient Design

Adopting a circular impeller structure, the high-speed rotation of air generates centrifugal force, resulting in strong wind pressure and airflow, with higher efficiency than ordinary centrifugal fans.

Single stage/two-stage impellers are optional, with a wide pressure range (single-stage wind pressure can reach 30kPa, two-stage higher).

2.Low noise operation

Optimized impeller dynamics design, paired with mufflers or soundproof enclosures, can control noise within 50dB (A).

3.Strong durability

The main material is high-strength aluminum alloy (lightweight, corrosion-resistant), and the bearings are made of NSK/SKF and other brands, supporting long-term continuous operation.

4.energy conservation and environmental protection

The motor meets the IE3/IE4 energy efficiency standards, reducing energy consumption; Oil free lubrication design, pure and pollution-free output gas.

5.Multifunctional applications

Supports two modes: positive pressure (blowing) and negative pressure (vacuuming), making it versatile.

Technical Parameters:

Applications:

Customization:

Our product is certified by CE, CCC, SABS, TUV, and RoHS, ensuring its quality and safety. The price of the product is negotiable, and the packaging details include a standard export package for secure delivery.

As a product from China, we offer delivery within 6-8 workdays from the order date. Choose Aipu for your Aerator Blower needs and enjoy the benefits of our customizable product.

Support and Services:

The Aipu Aerator Blower is a device that provides aeration for working conditions. Our technical support team is available to assist with any questions or concerns related to the proper use and maintenance of the product. We also offer repair and maintenance services to ensure the Aerator Blower is functioning properly and efficiently. Our team of trained professionals is dedicated to providing high-quality support and service to our customers.

Packing and Shipping:

Product Packaging:

- 1 Aerator Blower
- 1 User Manual
- 1 Power Cord
- 1 Cot of Mounting
- 1 Set of Mounting Hardware

Shipping:

Shipping Method: Standard Ground Shipping Estimated Delivery Time: 3-5 business days

Shipping Cost: Free

FAQ:

- Q1: What is the brand name of this air suspension oxygenator product?
- A1: The brand name of this air suspension oxygenator product is Aipu.
- Q2: Where is this air suspension oxygenator product made?
- A2: This air suspension oxygenator product is made in China.
- Q3: What certifications does this air suspension oxygenator product have?
- A3: This air suspension oxygenator product has CE, CCC, SABS, TUV, and RoHS certifications.
- Q4: What is the price of this air suspension oxygenator product?
- A4: The price of this air suspension oxygenator product is negotiable.
- Q5: How is this air suspension oxygenator product packaged and delivered?
- A5: This air suspension oxygenator product is packaged in a standard export package and is delivered within 6-8 workdays.
