

Industrial Three Leaf Roots Blower With Superior Efficiency And Performance Three Lobe Rotary Blower

Our Product Introduction

for more products please visit us on aipukqdl.com

Basic Information

- Place of Origin: China
- Brand Name: Aipu
- Certification: CE CCC SABS TUV RoHS
- Model Number: 3H
- Price: Negotiable
- Packaging Details: Standard Export Package
- Delivery Time: 6-8 workdays

Product Specification

- Flow: 4.16-232.4m³/min
- Boost: 9.8-98kpa
- Power Source: Electric
- Material Quality: HT250
- Highlight: three leaf Roots Blower,
three leaf air root blower,
three lobe rotary blower

Product Description

Product Description:

The 3H series three leaf Roots blower is a new product developed by our company based on years of manufacturing experience and multiple patented technologies. This series of fan impellers adopts a new three blade profile, which is highly efficient and energy-saving. The casing adopts multiple patented technologies such as a noise reducing shell, and adopts the "Multi blade impeller Roots pump casing inlet structure" patent. It is an excellent fan in terms of high efficiency, high pressure, and low noise.

Features:

Using our company's self-designed three leaf profile and two leaf profile, the sealing performance is greatly improved, resulting in minimal leakage and high efficiency.

Low noise, due to the use of a special noise reduction type line for the impeller and a noise reduction structure for the shell, the machining accuracy of the main components is high, resulting in low product noise, reliable operation, and long service life.

Small airflow pulsation, smooth operation, low vibration, and low noise.

Applications:

Roots blower, also known as high-efficiency Roots blower, is a cutting-edge product that provides excellent value to customers. This Roots blower is manufactured by the trusted Chinese brand Aipu, and its functionality makes it an ideal choice for a wide range of applications.

A key feature of this Roots blower is its high efficiency. Thanks to its advanced technology, it can provide excellent performance while consuming less energy. This makes it an excellent choice for customers who want to save energy bills without compromising performance.

The Roots blower is made of high-quality materials, which ensures its durability and endurance. It has also passed CE, CCC, SABS, TUV, and RoHS certifications, which means it complies with international safety and quality standards.

Roots blower is an ideal choice for a wide range of applications, suitable for industries such as food processing, pharmaceuticals, electronics, etc.

In addition, Roots blowers are easy to use and maintain, making them an excellent choice for customers seeking worry free products. Its price is also very competitive, and customers can negotiate prices based on their specific needs. This product adopts standard export packaging and can be delivered within 6-8 working days.

In short, Roots blower is an excellent product with outstanding performance, durability, and ease of use. For customers seeking high-quality Roots blowers with high cost-effectiveness, this is a good choice.

Customization:

Roots blower:

Brand Name: Aipu

Place of Origin: China

Certification: CE,CCC,SABS,TUV,RoHS

Price: Negotiable

Packaging Details: Standard Export Package

Delivery Time: 6-8 workdays

Material: HT250

Application: Industrial

Product Attributes: Roots blower, high-efficiency Roots blower

Support and Services:

Roots blower products provide the following technical support and services:

24/7 technical support

Installation assistance and training

Regular maintenance and repair services

Warranty for product defects and malfunctions

Replacement parts and accessories

Packing and Shipping:

Product Packaging:

Each unit is packed in a wooden case for safe transportation.

The package is securely sealed to prevent any damage or tampering during shipping.

The product is accompanied by a manual, warranty card, and other necessary documents.

Shipping:

The product is shipped via sea, air, or land transportation depending on the customer's preference.

The shipping cost is calculated based on the destination and the weight of the product.

The product is shipped within 10-15 business days after the payment is confirmed.

The customer will receive a tracking number to track the status of the shipment.

The product is insured during shipping to ensure that any loss or damage is covered.

FAQ:

Q: What is the brand of this Roots blower?

A: The brand name is Aipu.

Q: Where is this Roots blower manufactured?

A: This Roots blower is made in China.

Q: What certification does this Roots blower have?

A: The Roots blower has obtained CE, CCC, SABS, TUV, and RoHS certifications.

Q: What is the price of this Roots blower?

A: The price of this Roots blower can be negotiated.

Q: What are the packaging details and delivery time of this Roots blower?

A: The packaging details are standard export packaging, and the delivery time is 6-8 working days.
