High Performance Roots Vacuum Pump For Industrial Environments Max Vacuum -44kpa

Our Product Introduction

for more products please visit us on aipukqdl.com

Basic Information

- Place of Origin: China
- Brand Name: Aipu
- Certification: CE CCC SABS TUV RoHS
- Model Number: SSR-50VT
- Price: Negotiable
- Packaging Details: Standard Export Package
- Delivery Time: 6-8 workdays

Product Specification

- Max Vacuum: -44kpa
- Frequency: 50Hz
- Flow Range: 0.45-452.4m³/min
- Warranty: 1 Year
- Models: SSR
- Highlight: industrial roots type pump,
industrial roots vacuum pump,
50hz roots type pump

Product Description

Product Description:

Our Roots vacuum pump is durable and structurally robust, capable of handling even the harshest operating conditions. Our Roots vacuum pump has a flow range of 0.45-452.4m³/min, making it easy to handle the most demanding applications.

Whether you need to use Roots vacuum pumps in manufacturing facilities, chemical processing plants, or any other industrial environment, our Roots vacuum pumps are the perfect choice. They are powered by electricity, providing a reliable and efficient power source that can keep your operations running smoothly day after day.

In our company, we support the quality of our products, which is why we offer a one-year warranty for all Roots vacuum pumps. Whether you are looking for a single Roots vacuum pump or need to equip the entire facility with equipment, we have the model you need.

Features:

Product Name: Roots Vacuum Pump

Type: Vacuum Pump

Max Flow Rate: 452.4m³/h

Max Vacuum:-4080mmAq

Flow Rate: 0.45-452.4m³/min

Features: Vacuum Roots Pump, SSR-50VT Roots Vacuum Pump

Warranty: 1 Year

Technical Parameters:

Material	Cast Iron
Vacuum degree	-9.8~-44KPa
Frequency	50Hz
Application	Industrial
Max Flow Rate	452.4m ³ /min
Voltage	380V
Type	Rotary Lobe Vacuum Pumps
Warranty	1 Year

Applications:

Our Roots vacuum pumps are highly suitable for various industrial applications, including food processing, chemical processing, pharmaceuticals, and more. Roots vacuum pumps are designed specifically for high-speed conveying and packaging applications, providing clean and efficient solutions for your business needs.

Roots vacuum pumps are very durable and made of cast iron material, ensuring long-lasting performance and reliable operation. They offer a wide range of pressure options from -9.8 kPa to -44 kPa, making them suitable for various industrial scenarios.

Our Roots vacuum pumps are designed for a frequency of 50Hz, and they also have negotiable prices and come with standard export packaging. The delivery time is 6-8 working days, and you can trust our timely and reliable service.

Whether you need to suck air or gas, our Roots vacuum pump can help you complete the task. Therefore, if you are looking for reliable and high-quality solutions for your industrial vacuum pump needs, then Aipu is your best choice.

Customization:

ur Roots vacuum pumps are designed to provide unparalleled performance and reliability. Our products are made of the highest quality materials and can withstand even the harshest conditions, ensuring years of trouble free operation.

Our Roots blower vacuum pump has multiple models to choose from, including SSR, suitable for a wide range of applications. Whether you need Agilis vacuum pumps or Perman vacuum pumps, we can meet your needs.

All of our products come with a 1-year warranty, so you can rest assured. We have also obtained CE, CCC, SABS, TUV, and RoHS certifications, so you can trust that our products meet the highest quality and safety standards.

Contact us immediately for customized vacuum pump solutions that meet your unique needs. Our price can be negotiated, we provide standard export packaging and deliver within 6-8 working days.

Support and Services:

We provide reliable and efficient performance for Roots vacuum pumps, offering technical support and services to ensure your products operate at their best. Our expert team can provide assistance in installation, calibration, and troubleshooting. We also provide maintenance and repair services to keep your vacuum pump running smoothly. Our goal is to maximize the product's lifespan and minimize any downtime. Contact us to learn more about our technical support and services.

Packing and Shipping:

Product Packaging:

The Roots vacuum pump will be packaged in a sturdy cardboard box.

The Roots vacuum pump will be wrapped with bubble wrap to prevent damage during transportation..

The box will have labels indicating the product name, model number, and quantity.

Shipping:

Roots vacuum pumps will be shipped through reliable courier services.

The shipping cost will be calculated based on the destination and weight of the package.

The estimated delivery time will be communicated to the customer upon shipment.

Customers will receive a tracking number to track the shipment.

The package will be insured to cover any potential damage or loss during transit.

FAQ:

A: The brand of Roots vacuum pump is Aipu.

Q: Where is the Roots vacuum pump manufactured?

A: Roots vacuum pumps are manufactured in China.

Q: What are the certifications for Roots vacuum pumps?

A: Roots vacuum pumps have obtained CE, CCC, SABS, TUV, and RoHS certifications.

Q: What is the price of Roots vacuum pump?

A: The price of Roots vacuum pump is negotiable.

Q: What are the packaging details and delivery time of Roots vacuum pumps?

A: The packaging details of Roots vacuum pump are standard export packaging, and the delivery time is 6-8 working days.
