Product Description

Product Description:

At only 20 lbs, this blower is lightweight and easy to carry, making it perfect for use in a variety of settings. The sustain working hours allow you to use the blower for extended periods of time without having to worry about it overheating or malfunctioning. This makes it ideal for use in automotive blower motor applications, where reliability and durability are key.

In addition to its power and versatility, the Aerator Blower is also designed with safety in mind. The blower features a built-in safety switch that prevents the motor from overheating or becoming damaged due to prolonged use. This makes it a great choice for anyone who wants to ensure that their equipment is safe and reliable.

Overall, the Aerator Blower is a great choice for anyone who needs a powerful and reliable air blower. Whether you are inflating a bouncy castle or using it as an electric air blower gun, this blower is up to the task. With its lightweight design, sustain working hours, and induction motor, it is sure to provide you with years of reliable service.

Applications:

The Aerator Blower can be used in a variety of industries, including manufacturing, packaging, and shipping. It is perfect for use in warehouses, distribution centers, and other industrial settings. The Aerator Blower is also ideal for use in the home, such as in garages, workshops, and DIY projects.

The Aerator Blower is an excellent choice for those who need a reliable and efficient air blower. It can be used for a variety of purposes, such as inflating air mattresses, pool floats, and other outdoor items. The Aerator Blower is also great for powering air tools, such as air ratchets, air hammers, and air sanders.

The Aerator Blower is suitable for use with a wide range of products, including the Air Cushion Machine Blower, Bulb Air Blower, and Electric Air Blower Gun. It can be used to inflate balloons, air mattresses, and other inflatable products.

The Aerator Blower is a high-quality product from China that comes with the CE certification. The minimum order quantity is 1kg, and the price is negotiable. The packaging details include a container, and the delivery time is 10 days. Payment terms are TT, and the supply ability is 10t/y. The warranty is for 1 year, and the noise level is 70 DB. The motor type is induction, and the horsepower is 1 HP. The weight of the product is 20 Lbs.

Customization:

Brand Name: Jiang
