

Industrial Roots Blower with 32A-200A Inlet Diameter 440V 60Hz 0.45m3/min Air Pump

Our Product Introduction

for more products please visit us on aipukqdl.com

Basic Information

- Place of Origin: China
- Brand Name: Jiang
- Certification: ce.ul
- Model Number: Roots Blower
- Minimum Order Quantity: 1kg
- Price: negotiable
- Packaging Details: container
- Delivery Time: 10
- Payment Terms: tt
- Supply Ability: 10t/y

Product Specification

- Type: Positive Displacement Blower
- Application: Wastewater Treatment, Pneumatic Conveying, Aquaculture, Etc.
- Rated Voltage: 380v 50 Hz, 440V 60HZ
- Air Capacity: 0.45--2.31m3/min
- Usage: Air Pump
- Inlet Diameter: 32A-200A
- Model: Roots Vacuum Pump
- Technology: Roots
- Highlight: 440V Roots Blower, 0.45m3/min Roots Blower, Industrial Roots Blower

Product Description

Product Description:

The Rotary Positive Roots Blower is capable of operating within a temperature range of 0-80°C, making it suitable for use in a variety of environments. Its inlet diameter ranges from 32A-200A, allowing it to be customized to meet the specific needs of different applications. Whether you need to move large volumes of air or gas, or simply require a reliable and efficient blower for your industrial application, the Rotary Positive Roots Blower is an excellent choice. With its positive displacement design, this blower is able to provide consistent performance even in challenging conditions.

So if you're looking for a high-quality blower that can help you achieve your industrial goals, be sure to consider the Rotary Positive Roots Blower. With its proven track record of reliability and efficiency, this blower is sure to meet your needs and exceed your expectations.

Features:

Product Name: Roots Blower

Boost: 9.8-196kpa

Technology: Positive Displacement Roots Blower

Usage: Air Pump

Temperature Range: 0-80°C

Rated Power: 3kw-5kw

Features:

Dual Lobe Roots Blower

High Boost Capability

Low Pressure Roots Blower

Efficient Positive Displacement Technology

Reliable and Durable

Low Vibration and Noise

Compact Design

Easy Maintenance

Technical Parameters:

Technical Parameter	Value
Drive	V Belt / Direct Coupling
Temperature Range	0-80°C
Application	Wastewater Treatment, Pneumatic Conveying, Aquaculture, Etc.
Boost	9.8-196kpa
Flow	0.43-184.4m³/min
Inlet Dimension	From 50-350mm
Model	Rotary Positive Roots Blower
Type	Dual Lobe Roots Blower
Rated Voltage	380v 50 Hz, 440V 60HZ
Lobe Type	Tri (Three) Lobe

Applications:

Jiang Roots Blower is a high-quality product from China that has been certified with CE. It is a type of positive displacement blower that is widely used in various industries due to its reliability and durability. With a minimum order quantity of 1kg, you can easily get your hands on this product.

The Roots Blower is known for its dual lobe design, which is highly efficient and provides a constant flow of air. This makes it ideal for applications that require a large volume of air at low pressure. The air capacity of the Jiang Roots Blower ranges from 0.45-2.31m³/min, making it suitable for a variety of uses.

The Roots Blower is commonly used in wastewater treatment plants, pneumatic conveying systems, and cement plants. It can also be used in the food industry to provide air for pneumatic conveying of materials. Other applications include aeration of fish ponds, aquaculture, and composting.

The Roots Blower is available in different models, with inlet diameters ranging from 32A-200A. It can be driven by V belts or direct coupling, and the rated power ranges from 3kw-5kw. This makes it suitable for a variety of industrial applications.

If you're looking for a reliable, efficient, and durable blower, then the Jiang Roots Blower is the product for you. With a negotiable price and a supply ability of 10t/y, you won't find a better product on the market. The blower comes in a container packaging, and the delivery time is only 10 days. Payment terms are tt.

Packing and Shipping:

Product Packaging:
The Roots Blower product will be packaged in a sturdy cardboard box with appropriate cushioning material to prevent any damage during transportation. The box will be labeled with the product name, specifications, and handling instructions.

Shipping:
The Roots Blower product will be shipped via a reliable and reputable courier service. The shipping cost will be calculated based on the distance, weight, and delivery timeframe. The customer will receive a tracking number to monitor the delivery status of the product.

FAQ:

Q: What is the brand name of this product?-----
A: The brand name of this product is Jiang.

Q: What is the model number of this product?
A: The model number of this product is Roots Blower.

Q: Where is this product made?
A: This product is made in China.

Q: What certifications does this product have?
A: This product has ce and ul certifications.

Q: What is the minimum order quantity for this product?
A: The minimum order quantity for this product is 1kg.

Q: Is the price of this product negotiable?
A: Yes, the price of this product is negotiable.

Q: What are the packaging details for this product?
A: The packaging details for this product are container.

Q: What is the delivery time for this product?
A: The delivery time for this product is 10 days.

Q: What are the payment terms for this product?
A: The payment terms for this product are tt.

Q: What is the supply ability for this product?
A: The supply ability for this product is 10 tons per year.
