Product Description

Product Description:

The Aerator Blower is an electric blower that comes with an AC 220-240V, 50-60Hz power supply. This makes it an ideal choice for those who want a reliable and efficient blower that can be used indoors or outdoors. This electric blower is designed to be highly efficient and durable, ensuring that you get the best performance from it every time you use it.

This Aerator Blower is manufactured in China, which is well-known for producing high-quality industrial equipment. The manufacturers have used the latest technology and high-quality materials to produce this blower, ensuring that it is durable and efficient. This blower is designed to provide you with years of use without requiring any maintenance.

The Aerator Blower is perfect for a wide range of applications, including inflating bouncy castles, blowing debris out of your workshop, and much more. It is a versatile tool that can be used in a variety of settings, making it an indispensable tool for anyone who needs a reliable blower. Whether you are a professional or a DIY enthusiast, this blower is the perfect choice for your needs.

In conclusion, if you are looking for a powerful and efficient blower that can handle all your needs, the Aerator Blower is the perfect choice. With a capacity of 100 CFM and a 1 HP motor, this blower is capable of handling any job you throw at it. It is an electric blower that comes with an AC 220-240V, 50-60Hz power supply, making it an ideal choice for indoor and outdoor use. Manufactured in China, this blower is built to last and is perfect for a variety of applications. Whether you need to inflate a bouncy castle or blow debris out of your workshop, this blower is the perfect tool for the job.

Applications:

The Jiang Aerator Blower is a versatile product that can be used in a variety of occasions and scenarios. This powerful electric air blower gun can be used for both commercial and personal use. It is perfect for inflating bouncy castles, air mattresses, and other inflatable toys. The high-powered motor can quickly inflate these items, making setup fast and easy.

The Jiang Aerator Blower is also a great tool for automotive enthusiasts. The powerful motor can be used as an automotive blower motor to remove debris and dust from hard-to-reach areas. It can also be used to dry off cars after washing them, reducing the risk of water spots.

This product is designed and manufactured in China, ensuring high-quality construction and materials. It is certified by both CE and UL, ensuring that it meets strict safety standards. The minimum order quantity is 1kg, and the price is negotiable depending on the quantity ordered.

The Jiang Aerator Blower is packaged in a container, making it easy to transport and store. Delivery time is just 10 days, and payment terms are TT. The supply ability is 10t/y, ensuring that there is always enough stock available.

This powerful aerator blower is powered by AC 220-240V, 50-60Hz, and can deliver a maximum pressure of 10 PSI. Its dimensions are 15 x 10 x 12 inches, making it easy to store in a garage or shed. It comes with a 1-year warranty, ensuring that customers can enjoy peace of mind when using this product.

In conclusion, the Jiang Aerator Blower is a versatile and powerful tool that can be used in a variety of occasions and scenarios. Whether you need to inflate bouncy castles, remove debris from your car, or dry it off after washing it, this product is the perfect solution. Order now to experience the power and convenience of the Jiang Aerator Blower!
